Summary

“ UI/UX Designer with hands-on experience designing intuitive web and mobile applications through user research, wireframing, prototyping, and visual design. Proficient in Figma, Adobe XD, HTML, CSS, and JavaScript, with a strong focus on usability, accessibility, and responsive design. Passionate about creating user-centered digital experiences that solve real-world problems ”

Latest projects

Trailscape

- Designed a real-time bus tracking app to improve passenger confidence and reduce waiting uncertainty.
- Conducted user research, created user flows, wireframes, and high-fidelity prototypes.
- Designed intuitive interfaces with clear ETA, route visibility, and accessibility-focused layouts.

[View Case Study](#)

Amazon Mobile App Redesign

- Redesigned Amazon's mobile shopping experience using an end-to-end UX process.
- Identified usability issues and improved navigation, visual hierarchy, and Add-to-Cart visibility.
- Built a reusable design system and redesigned seven key screens.
- Delivered interactive high-fidelity prototypes for core shopping and checkout flows.
